Pawrio - Website UI Documentation

1. Home Page

The Home page is the welcoming screen of Pawrio. It features a hero section with an engaging headline 'Find Your Perfect Furry Friend', encouraging users to adopt pets. It displays key statistics such as the number of pets adopted, partner shelters, and 24/7 support. Buttons like 'Start Adopting' and 'Learn More' help guide users into action. The section also highlights real-time adoption updates like 'Max found a home!'.

2. Adopt Page

The Adopt page allows users to browse through pets available for adoption. Filters are provided to search by name, breed, size, and age. Each pet listing includes a photo and details, enabling families to find their ideal companion easily.

3. Care & Vet Page

This section provides veterinary care and resources to keep pets healthy. Users can book appointments for services like General Checkups, Vaccinations, Grooming, and Dental Care. Prices and durations are displayed for transparency. The page also highlights the state-of-the-art veterinary facility available at Pawrio.

4. Login / Signup Page

The Login/Signup page provides authentication for users. They can sign in with email and password, or create a new account. Options such as 'Remember me' and 'Forgot password' ensure better user convenience.

5. Footer Section

The footer provides essential navigation and contact information. It includes links to adoption processes, care resources, company mission, and support center. Contact details like phone, email, and address are also provided for user assistance.

6. Pet Care Resources

The Pet Care Resources section offers guides and tips for pet owners. It includes nutrition guides, exercise and activity plans, behavioral training techniques, and emergency care instructions to help owners provide the best care for their pets.
